About Actua

Actua is Canada’s leading science, technology, engineering and mathematics (STEM) youth outreach network representing a growing network of university and college based members. Each year 250,000 young Canadians in over 500 communities nationwide are inspired through hands-on educational workshops, camps and community outreach initiatives. Actua focuses on the engagement of underrepresented youth through specialized programs for Indigenous youth, girls and young women, at-risk youth and youth living in Northern and remote communities.
