

Dear Codemakers,

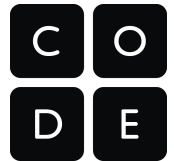

This week we will be coding our own game of Flappy Bird on Code.org's website. If you would like to be able to have access to your game and other free coding activities **after** the camp week please register for your own Code.org account here:

http://studio.code.org/users/sign_up

Remember to keep your display name free of your first and last name to stay safe online. Be sure to remember your password, otherwise you won't be able to track your progress.

*Campers who choose not to sign up for their own account will still be able to participate in the Flappy Bird activity during camp.
